An Introduction to **Actsafe** and the services we offer

Promoting health and safety in motion picture & performing arts.

What is Actsafe?

Actsafes is a safety association that serves B.C.'s motion picture and performing arts industries sectors by providing safety training, educational resources for employers and workers.

Our role is to provide arts workers with the necessary support to ensure that everyone goes home at the end of the day.

Actsafes is governed by the industries it represents. We operate through two standing committees that represent the motion picture and performing arts communities. Membership on these committees includes both employer and worker representatives.

Online Library

Actsafes has a searchable online library that contains health and safety information. Visit www.actsafe.ca and select "Library" from the menu.

The Library menu will expand to give you a list of subject headings to make finding what you need simpler.

Actsafes Services HEALTH & SAFETY ADVICE

Free advice on health or safety related questions or concerns about issues in your motion picture or performing arts work environment. Our advisors will

answer questions and respond to reports of health and safety concerns.

FREE HEARING TESTING

Actsafes provides free hearing testing of motion picture and performing arts workers in occupations deemed 'at risk' of a hearing injury.

FREE RESPIRATOR FIT TESTING

Actsafes provides free respirator fit testing of motion picture and performing arts workers in situations where air quality may be compromised.

AUTOMATED EXTERNAL DEFIBRILLATOR (AED) PROGRAM

Actsafes offers an industry leading AED rental and purchase program that allows your production the ability to have a potentially life saving device at a very affordable cost. Whether its a long-running television series or a short run theatre production, having

an AED on site will provide an added sense of safety should a worker fall victim to a sudden cardiac arrest.

FIRST AID ASSESSMENT TOOL

Actsafes's web-based first aid assessment tool makes it easier than ever to assess your production's first aid needs by answering 6 simple questions. Try it at firstaid.actsafe.ca.

ACTSAFE SAFETY BULLETINS

These guidelines cover B.C. film and performing arts industry standard practices for a wide variety of common safety issues.

Available online at www.actsafe.ca.

ACTSAFE NEWSLETTERS

The Actsafes Safety Scene digital newsletter is published monthly throughout the year, with a seasonal printed newsletter available as well. Both publications feature ongoing and current health and safety news in the motion picture and performing arts industries, as well as important safety tips and a featured Spotlight interview with one of the many safety ambassadors that promote workplace safety in B.C.'s entertainment industry.

To sign up for our digital newsletter, scan the QR Code on the back of this page, or visit www.actsafe.ca/newsletter-subscription.

POSTERS

Actsafes has a large selection of free full colour posters covering a wide variety of health and safety topics. To view the available posters, visit our website and select "Posters" from the Resources menu. Let us know what posters you would like, and we will mail them to you.
